PAINS - NEEDS

Let's assume it will take until March 2021 before schools and universities are allowed to offer on site teaching again, before social events are allowed again.

12 months before life returns to normal.

GAINS

Solutions we find for the worst case scenario will also be applicable for a shorter term situation.

You can work on a problem that you, yourself have right now.

EXISTING PROBLEMS

What problems arise from this scenario?

What does that imply for people in Salzburg? Europe? the World? What does it mean for students? Children? The Eldery? Parents? Blind people? Wheelchair users? For people who live in a family house? In a nursing home? In a refugee camp? On the street? In a block of flats?
